

GOSAMRAKSHANAM

Protection of Cows **GoSamrakshanam** has become the need of the day as the nation is to be revived from the abyss it has fallen through the sinful deeds and restored to its prosperity with peace and harmony. Towards this noble cause, the Gosala at Sri Panduranga Bhajanashram, built with state of the art facility nurtures around **250** cows that are sheltered in three different units.

The unique feature of this Gosala is that the Cows are the descendants of the cows grazed by Lord Sri Krishna himself and are brought from Sri Brindhavan, Sri Govardhan and Sri Dwaraka. Hence this Gosala is rightly named as **Sri Gokulam**. Food, shelter, water, electricity and medical facilities are made available in this Gosala and all the yields of this Gosala are used for charity purposes.

It would be a golden opportunity for us to participate in this holy Dharma through any of the following schemes. Let us consider it a blessing to be a part of this noble cause.
